

The Calgary Regional EMS Partnership, formed in 2003, has made significant advancements in aligning EMS support and operation within the geographic boundaries of the Calgary Health Region. Some of our successful projects include:

- Creation of a Regional Large Scale Incident Plan
- Bariatric response
- Emergency Medical Assistance Taskforce
- Regional Staff Development initiative and eEMS learning website
- Regional Deployment and Optimization Study

The Partnership is now preparing to host its 2nd Leadership Conference – ***“EMS Leaders, Now and into the Future”***. This conference will be held November 17 and 18, 2008 in Kananaskis at the Delta Lodge and is intended to be a focused event. International speakers will share their experiences on succession planning, change management and leadership.

As a significant stakeholder in the EMS industry, the Calgary Regional EMS Partnership would respectfully request your consideration in becoming a sponsor of this unique event. Sponsorship of specific events, including meal and refreshment breaks, is still available. All sponsors will be recognized generously throughout the conference.

Please contact Scott Holland at (403)538-6132 or scott.holland@calgary.ca for more information on joining us for this event.

Thank you in advance for your consideration.

Scott Holland on behalf of

Jim Nicholson
Co-Chair
